Integral No Kill Zones:

In these zones, the use of a landing net is mandatory. Fishing is allowed exclusively with artificial lures (excluding silicone lures) equipped with a single hook without a barb. It is prohibited to retain any native, semi-native, or non-native fish species of sporting interest (Brown Trout, Rainbow Trout, Largemouth Bass):

Retrone River, in the section flowing through the municipality of Creazzo between the SP 35 bridge and the SR 11 bridge;

Tribolo Canal: from the bridge on Cà Balbi Road to the confluence with the Tesina River.

Specific No Kill Zones:

In the following specific No Kill zones, it is prohibited to retain any native or semi-native fish species caught:

Ceresone River: from the Torrerosa bridge to the municipal border between Camisano and Grisignano;

Liona Canal: entire course;

Tesina River: entire concession section from the beginning of Zone B to the end of the section.

Prohibition on fish consumption due to PFOS:

All watercourses flowing through the municipalities of Agugliaro, Alonte, Asigliano Veneto, Brendola, Lonigo, Noventa Vicentina, Orgiano, Pojana Maggiore, Sarego, Val Liona.

Special fishing rules for Lake Fimon, also provided by the Lake Fimon Management Regulation:

Carp fishing is allowed only from designated platforms, from sunset to sunrise, except for bait and line placement and retrieval operations, which may be conducted using a boat.

Fishing from a boat or belly boat is prohibited from sunset to sunrise.

The use of Carp Sack is prohibited.

Baiting zone markers must have a tag with the angler's personal details and address and must be removed before leaving the fishing site.

Baiting is allowed exclusively with boilies.

Each angler may possess and use a maximum of 250 g (0,55 lbs) of corn as bait.

When using a boat, life jackets are mandatory.

Prohibited zones:

Ferrara Canal: from the source downstream to the derivation of the Marzia Canal and from this point to the inflow into Lake Fimon.

Bacchiglione River in Colzè: in the section between 10 mt. (32,80 ft.) downstream and 10 mt. (32,80 ft.) upstream of the fish ladder.

Special rules:

Throughout the basin, the use of live or dead fish as bait is prohibited. It is forbidden to retain carp catches, and any carp caught must be promptly released back into the water, taking all precautions during unhooking operations. The use of a steel leader with a minimum length of 20 cm (7,87") is mandatory when fishing with hooks equipped with multiple barbs (treble hooks and similar). In the expansion basin of Villa del Ferro (San Germano Lake), the use of belly boats is allowed, but fishing from boats is prohibited.
